*** MGL Sea Freight company.** he is one from few international freight forwarding companies in Kuwait that can provide you sound Professional advice apart from full logistical support, all under one roof. We have contract rates for Canada/Europe/Africa/Far East/Mediterranean/Gulf ports & Upper Gulf segment of all major MLO companies, for worldwide ports and inland destinations

major lines i.e. (Maersk /Hapag Lloyd /CMA CGM / K - LINE / WAN-Hai /Evergreen /Savarin /OOCL / UASC /MSC/ APL/ COSCO)

We are able to deliver your goods to almost any destination Worldwide, thanks for our strong network and global presence. At MGL SEA FREIGHT, our work goes beyond just serving. World-class freight services and on-time delivery of goods. extends to construction Relationships that last forever for most of our customers, we are not just another shipping company, we are their business partners.

* Keeping pace with digital development.

Due to the transformation of the work system into a digital system, we are in the process of issuing a mobile application to keep pace with the speed of work so that customers can follow up on shipping and customs clearance operations until reaching the customer's warehouse, through where they can follow the work steps moment by moment and the goal is to achieve success as it should without any trouble.

* Business partners.

We are not just an entity that carries out shipping or customs clearance only, but we consider ourselves as partners with our customers in their trade and business. We must provide advice and solutions until the shipments reach the customer's stores

Value

ENERGETIC & ENTHUSIASTIC

Our approach is full of energy at each point of service, and we are utmost enthusiastic about handling each business.

TEAM WORKE

Our principle as an MGL team is that We believe in partnership and hand holding for a seamless delivery experience, together with you as a team

RESULT ORIENTED

Focus on the results is a true value that each contact at MGL would demonstrate as goals without results are just dreaming.

PROMPT ACTION

We understand the value of time. Our prompt approach ensures seamless solutions in the most robust way possible on-time & every-time.

ADAPTABILITY

The world is very dynamic and the nature of our business challenges us to tune ourselves as per change in the universe around us. We adapt, improvise, and overcome hurdles to keep our promises.

ORIENTED OPERATION

We know our game and stick with our efficient processing units to ensure that your requirements get solutions in one go.

OUR GOALS

OUR LOGISTICS GOAL IS TO DELIVER WITH HIGH DEGREE OF ADHERENCE TO SERVICE LEVEL AGREEMENT (SLA), THIS DIFFERENTIATES US FROM OUR COMPETITORS.

- Very prompt quotations.
- One stop Air, Ocean, and Land solutions
- Identify best alternative shipping options
- Best shipping rates.
- Lowest transit time.
- Quality conscious & knowledge driven employees. • Global reach for door-to-door deliveries.

OUR

SERVICES

As a multi-modal transport operator (MTO) we specialize in one stop solution for a wide range of International Cargo Delivery commitments.

Be it a large project or a small document, Time sensitive shipments or Solution for some complex logistics requirements. Our solutions and dedicated freight specialists ensure best shipping rates with Smooth, prompt, reliable service.

Carefully selected carriers for air freight direct with airlines, express and courier services and import/export and cross-country shipments to meet transit requirements of your time-sensitive shipments as per your trade terms.

LAND FREIGHT

National and international trucking. Multi-modal solutions. Daily pickups and deliveries at all major international gateways. MGL has offers points To steer heavy goods Transportation

CUSTOMS CLEARANCE

MGL Shipping is not just a freight forwarding company but has a complete customs and border port auditing team and has the ability to find quick solutions to finalize cargo clearance procedures at ports without inconveniencing customers. Our company also follows a digital system approach in that it has a mobile application so that the customer can follow the completion of customs procedures and government approvals, and we consider MGL Shipping the only company in this field that has the application on the mobile phone especially for customs and government approvals

LOADING OPERATIONS

MGL has a full operations team present within the customs inspection areas to supervise shipments and review them in full and monitor the loading operations and their delivery to the customers' warehouses

WAREHOUSES

For customers' convenience, MGL Shipping Company has giant warehouses with security and monitoring system. These stores accommodate all shipments, and the customer can follow up on storing and monitoring his shipments himself on the method of our application

Approach

how to win market shares in the freight industry under the redundant market environment, to make the most of the company's interests and to maximize personal value?

Therefore, MGL SEA FREIGHT Company adheres to the business philosophy of "professional skill, integrity service and customer first". Relying on the professional knowledge of team members, we provide each customer with customized and personalized logistics solutions and offer a full range of safe and efficient services.

GROWTH

MGL's real wealth lies in its employees, so we fully support our employees because they are the foundation of this entity and always side by side because they are our business partners and within the same entity, so we thank all our employees for joining us, we are all one family and one hand
